HOW TO USE

A dramatically angled head is what stands out when you set your eyes on this gorgeous massager. It's tilted upwards to easily reach sensitive areas, such as the clitoris, nipples, head of the penis, really anywhere the user would like to stimulate.

5-FUNCTION | PUSH BUTTON CONTROL

The 5-functions are cycled through the click of a button at the base of the massager, which is lit up by a white light for easy play in the dark.

PINPOINT PULSATING PRECISION

2 x AAA BATTERY REQUIRED

MAINTENANCE

The Bgee Classic is waterproof, so it can be taken in the shower or tub, just be sure the battery cap is tightly closed before getting it wet. Use your choice of lubricant as it is made with nonporous PU coated ABS plastic, but stay away from oil based formulas to keep the smooth coating strong.

BATHTUB SAFE

SHOWER SAFE

* Don't forget!
Bgee Classic is a great item to upsell with water based lubricants and toy cleaners!
