MAINTENANCE

Cleaning the Bgood is super easy, as it is a silicone toy there are no microscopic cracks or crevices that germs or bacteria can find themselves living in and growing in overtime and use. Therefore the easiest way to clean is with soap and warm water, air dry and pat down. Or if you prefer there are many high quality toy cleaners available.

Lubricants: B Swish recommends a good quality water based lubricant be used with the Bgood Deluxe.

*Remember, water based lubricants are compatible with silicone massagers and easy to wash off.
